

IAU TROUBADOUR #5

Tom Stoppard

"It's not the voting that's democracy; it's the counting"

Chers Etudiants,

J'espère que vous avez vu que nous allons pouvoir contribuer aux délégués internationaux pour les primaires démocrates des USA. For many of you, if not all of you who are US citizens, this year will be your first opportunity to vote in the presidential election in November. You should get started now in voting in the primaries. We have representatives in this town from Democrats Abroad who have made available for you the possibility of contributing to the selection of the Democratic nominee. If any of you have the possibility to represent the Republican Party (or Libertarian, or Socialist, or, well you get the picture), please let us know so that there is equal representation. In any case, keep an eye out as you'll have representation in the primaries. Coming up, we will have two lectures this week, both with very compelling topics. IAU lectures typically consist of a 40-45 minute talk followed by question/answer and an informal follow-up reception. All students are invited as well as the Aix community.

Bien à vous tous,

Leigh Smith
Dean of IAU
