

THE IAU COLLEGE TROUBADOUR

THIS WEEK'S

FILM

LECTURES

STUDY TOUR

June 30, 2014

Chers Etudiants,

Ce n'est pas possible! On vient de commencer et maintenant on touche les dernières deux semaines! With about two weeks left for this summer term, let's not presume a countdown. Let's start counting upwards. Start with

1. How fortunate we all are.
2. How much we've all learned from each other in the classroom and out (yes, even professors and staff do learn new things with each semester).
3. How many "unexpected" experiences we have had.
4. What we have learned from the experiences.
5. How many people we have met from all over the world.
6. How much they'll be a part of our lives from now on.

That's just six, so we'll let you finish the count, continually counting upwards. Start now. Write them down, and by term's end you'll have quite a lot to take home with you. Go.
